

Missouri Mentoring Program (MMP)

Assists in preparing youth for personal success in employment, education, healthy lifestyles and self-sufficiency through mentored support.

History of Missouri Mentoring Program

- MMP began as a demonstration project in 1993. The model was adapted from a nationally recognized program in San Diego, California administered by the Coming Together Foundation. That program brought the public and private sectors together in a joint venture to assist young people aging out of foster care. Their goal was to assist these young people in achieving self-sufficiency by providing a positive work experience.
- In Missouri MMP began as a collaboration between the Department of Social Services and the Family Resource Center in St. Louis. MMP is currently a federally funded initiative offered through DSS. MMP operates in multiple sites in Missouri and consists of two components: Work Site Program and Young Parent Program.

MMP's two components

Worksite:

Youth complete their education and job training readiness classes with mentored support. The funded organization recruit's area businesses that agree to hire qualified youth candidates and the company selects an employee to serve as their work place mentor.

Young Parent:

Organizations work with young mothers and fathers to develop sound parenting skills by matching them with a caring adult mentor. Regular support meetings are also used to educate young parents on issues relevant to them and their children and to provide encouragement and support.

MMP Youth Eligibility

Worksite:

- Between 15 ½ - 26 years of age
- Experienced out of placement, court supervision or other difficult challenges
- Willing to attend school, work towards diploma or HSET or involved in post-secondary training

Young Parent:

- Must be expecting or parenting
- 26 years of age or younger

MMP Mentor Eligibility

- Must be at least 21 years of age
- Must not have a substantiated child abuse and/or neglect charge
- Willing to give a 12-month consulting/engaged commitment to the program
