1

An Abuse Victim calls a Domestic Violence Shelter's 24hr hotline for help.

2

A Domestic Violence Shelter Employee answers the call:

- DV Employee: “How may I help you?”
- Victim: “My son and I need a safe place to stay, we’re in trouble!”
- DV Employee: “Do you have a Pet or Service Animal that will need accommodations?”
- Victim: “We have our dog, Bella, that we can’t leave behind.”
- DV Employee: “Bring everyone to this address. We’ll have a room for you and your son, and will arrange for a temporary Foster Home for Bella through BestyBnB since our Shelter can’t house pets.”

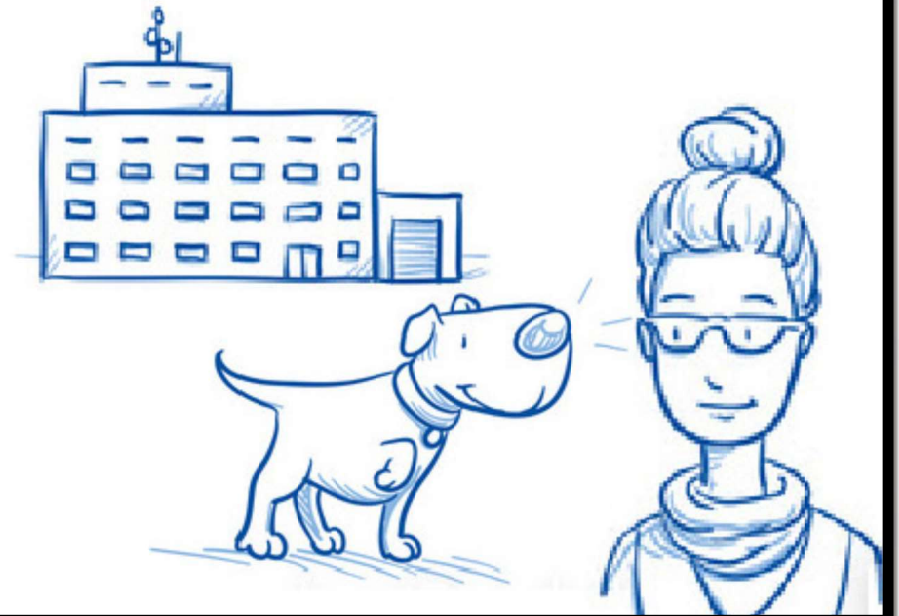

3

The DV Shelter Employee logs into their BestyBnB account using a mobile or web app, performs a quick search, and locates a BestyBnB Caregiver to foster Bella.

4

The Pet Caregiver picks Bella up from a safe location determined by the DV Shelter
