

Preferred Drug List Announcement

MO HealthNet Division is continuing the state specific Preferred Drug List (PDL) evaluation process. Drugs/Drug classes for review for the upcoming quarter are identified at each of the quarterly meetings of the Drug Prior Authorization Committee and also posted on the Division's web page at <http://dss.mo.gov/mhd/cs/pharmacy/pdf/pdla.pdf> shortly following each meeting.

MO HealthNet Division's clinical team will conduct the clinical reviews of the drug products under evaluation each quarter. For preferred status consideration for your product, a more detailed review request should be presented to MHD. All clinical information for consideration should be forwarded to Rhonda Driver at Rhonda.Driver@dss.mo.gov or call (573) 751-6961. These submissions should generally follow the AMCP guideline format. Financial evaluations for these therapeutic class reviews are conducted by Magellan Health Services Corporation. Companies wishing to discuss opportunities for supplemental rebates should contact Magellan at (804) 965-7689.

If you have any questions concerning the PDL submission process, or the policy surrounding the process, feel free to contact the pharmacy program at clinical.services@dss.mo.gov or (573) 751-6961. If a public presentation is desired please contact Tasia Roberts at Tasia.J.Roberts@dss.mo.gov or by phone at (573) 751-6961. The Drug PA Committee will convene at 10:00 a.m. on March 15, 2012.

Drug Therapeutic Class Name

ANDROGEN HORMONE INHIBITORS	LIPOTROPICS: CAI
ANTIEMETICS-ORAL	LOW MOLECULAR WEIGHT HEPARINS
BENZOYL PEROXIDE/ CLINDAMYCIN TOPICAL AGENTS	NON-ERGOT DOPAMINE RECEPTOR AGONISTS
BETA-ADRENERGIC AGENTS: LONG ACTING	OPHTHALMIC NSAIDS
BETA-ADRENERGIC AGENTS: NEBULIZED	PLATELET INHIBITOR AGENTS
BETA-ADRENERGIC AGENTS: SHORT ACTING	SEDATIVE HYPNOTICS
BETA-ADRENERGIC/CORTICOSTEROID	SKELETAL MUSCLE RELAXANTS
COPD ANTICHOLINERGICS	STATINS
GROWTH HORMONES	STATINS: HIGH POTENCY
HEMATOPOIETIC AGENTS	STATIN/CAI COMBINATION AGENTS
INHALED CORTICOSTEROIDS	TRIGLYCERIDE LOWERING AGENTS
INSULINS	URINARY TRACT ANTISPASMODICS
