2008 HEALTH CARE PROCEDURE CODING SYSTEM (HCPCS)

With the implementation of the Health Insurance Portability and Accountability Act of 1996 (HIPAA) Standards for Transactions and Code Sets, use of the appropriate medical code sets is required on health care claims.

Effective for dates of services on and after January 1, 2008, the MO HealthNet Division (MHD) will begin accepting the 2008 versions of the Current Procedural Terminology (CPT) and the Health Care Procedure Coding System (HCPCS) medical code sets. Providers will not be able to bill the 2008 versions of the code sets until January 15, 2008 due to time requirements to complete system updates. Providers should reference the appendix of the CPT and HCPCS books for a summary of the additions, deletions and revisions. For dates of service prior to January 1, 2008, claims must be billed with the 2007 version of CPT and HCPCS codes and modifiers.

For MHD coverage information, including fees and restrictions, please reference the MHD Fee Schedule at <http://dss.mo.gov/mhd/providers/pages/cptagree.htm>. Select the provider link; fee schedules; read through the License for Use of Physicians' Current Procedural Terminology and select accept; then follow the directions given on the MHD Price List Search.

Provider Bulletins are available on the MO HealthNet Division (MHD) (Formerly the Division of Medical Services) Web site at <http://dss.mo.gov/mhd/providers/pages/bulletins.htm>. Bulletins will remain on the Provider Bulletins page only until incorporated into the [provider manuals](#) as appropriate, then moved to the Archived Bulletin page.
